

# Safe Surfing Adventure

A fun board game teaching internet safety to young explorers ages 6-10. Roll the dice, ride the waves, and learn to surf the web safely!

# How to Play

01

---

## Set Up Your Board

Print the game board and place it on a flat surface. Each player chooses a colorful surfboard game piece and places it on START.

03

---

## Roll and Move

Take turns rolling the dice and moving your surfboard along the ocean path. Follow the instructions on the space where you land.

05

---

## Complete Challenges

Challenge spaces let you perform fun activities like acting out safe online behaviors or creating strong password examples.

02

---

## Shuffle the Cards

Cut out the question cards and challenge cards. Shuffle each deck separately and place them face-down near the board.

04

---

## Answer Questions

When you land on a question space, draw a card and answer the internet safety question. Correct answers earn bonus moves!

06

---

## Reach the Finish

The first player to reach the Beach House wins! Celebrate by sharing your favorite internet safety tip with everyone.

# Game Board Overview

## Your Ocean Adventure Path

The game board features a winding path through a vibrant ocean filled with friendly sea creatures, treasure chests, and surfing waves. Print this on 11x17 paper for best results, or tape together multiple sheets.

## Special Spaces

**Question Waves:** Answer internet safety questions

**Challenge Currents:** Complete fun activities

**Safe Harbor:** Move forward 2 spaces

**Risky Reef:** Go back 1 space

**Shortcut Shells:** Skip ahead on the path

# Question & Challenge Cards

## Question Cards

20 age-appropriate questions about passwords, talking to strangers online, asking for help, and keeping personal information private. Each card features ocean illustrations.

- Easy questions worth 1 bonus space
- Harder questions worth 2 bonus spaces
- Answer guide included for parents

## Challenge Cards

15 interactive activities that make learning memorable through movement, creativity, and teamwork. Kids learn by doing!

- Act out asking a trusted adult for help
- Create an example of a strong password
- Name 3 things to keep private online

# What You'll Need

## Printable Game Board

Download and print the full-color ocean adventure board featuring a winding path with 50+ spaces from start to finish.

## Game Pieces & Dice

Print surfboard tokens in different colors, or use small toys. You'll need one standard six-sided die to play.

## Question & Challenge Cards

Print and cut out the 35 cards. Consider laminating them or printing on cardstock for durability through many games.

## 2-4 Players

Perfect for family game night, classroom activities, or playdates. Adult supervision recommended for ages 6-7.

# About CSNP

"Making cybersecurity knowledge accessible to everyone through education, community, and practical resources."
